

3-CARD LIMIT RAISE

Partner opens 1♥ or 1♠ and you hold invitational values (about 11-12 total points) with exactly three-card support. You are too good for a simple raise, but you cannot jump to three of the major directly -- a direct limit raise promises four trumps. So start with a forcing 1NT; after partner rebids a suit, jump to three of opener's major. That delayed jump shows the invitational raise on just three trumps, letting opener judge game: accept with extra values, pass a minimum.
